

## **ANNEX 2 – APPLICABLE RULES TO ELIGIBLE COSTS**

### *KEY ACTION 1: MOBILITY PROJECTS FOR YOUNG PEOPLE – DISCOVER-EU INCLUSION ACTION (KA155-YOU)*

#### **1. UNIT CONTRIBUTIONS**

**Place of origin:** the place where the sending organisation is located.

**Sustainable means of transport:** bike, bus, car-pooling, and train. The National Agency may accept other means of transport as sustainable based on established practice and on a case-by-case basis.

Travel unit contribution for sustainable means of transport (green travel) is eligible if sustainable means of transport have been used for the majority of the round trip.

**Unit contribution per distance band:** the amount paid for a return travel between the place of departure and the place of arrival.

**Venue:** the place where the receiving organisation is located. If a different place of origin or venue is reported, the beneficiary must provide the reason for this difference.

Travel time will not be considered when determining compliance with minimum eligible duration of mobility activities specified in the Programme Guide.

#### **1.1 Travel costs**

##### **a) Calculation of the total unit contribution:**

The travel pass contains the possibility to travel for 7 days within one month using the transport mode with the overall lowest greenhouse gas emissions. It equally includes the new DiscoverEU discount card. There is one pass per participant and per accompanying person, if applicable, using the same means of transport as the participant.

If the country of origin is not directly connected to the rail system on continental Europe and an additional travel by other means of transport is necessary to reach the country where the mobility (by train) starts, only this travel to reach continental Europe can be covered by the unit contribution.

##### **b) Triggering event**

The travel support is paid only if the participant has actually undertaken the activity.

### c) Supporting documents

Proof of attendance of the activity in the form of a declaration signed by the participant and accompanying person (if applicable), specifying the name of the participant/accompanying person, the purpose of the activity, as well as its starting and end date. Once the Youthpass is made available for DiscoverEU: proof of attendance of the activity in the form of Youthpass specifying the participant's name and learning outcomes, the purpose of the activity, as well as its starting and end date.

In addition to the supporting documents mentioned above, in case of use of sustainable means of transport (green travel): a declaration on honour signed by the person receiving the travel grant will serve as supporting documentation.

If the starting point of travel is different than the place of origin or the end point is different than the venue, the beneficiary must report the reason for this difference. In case no travel took place or the travel was funded from EU sources other than the Erasmus+ Programme, the beneficiary will indicate in their report that financial support for travel is not required.

## **1.2 Individual support**

### a) Calculation of the total unit contribution:

The total unit contribution is calculated by multiplying the number of days per participant and accompanying person up to a maximum of 21 days by the unit contribution applicable per participant per day.

Should the participant(s) travel longer than 21 days but within the 30 days of the validity of the travel pass, the additional days are not covered.

In case of an interruption during the stay, the period of the interruption will not be counted when calculating the individual support grant. In case of interruption due to *force majeure*, the participant must be allowed to resume and continue the activities after the interruption (within the conditions established in this Agreement).

In case of termination of the agreement by the participant due to *force majeure*, the participant must be entitled to receive the amount of the grant corresponding to the actual duration of the mobility period. Any remaining funds must be refunded to the beneficiary, except if agreed differently by both parties.

**b) Triggering event:**

The individual support is paid only if the participant has actually undertaken the activity for the specified period.

**c) Supporting documents:**

Proof of attendance of the activity in the form of a declaration signed by the participant and by the sending organisation, specifying the name of the participant, the purpose of the activity, as well as its starting and end date.

**d) Reporting:**

Participants must use the standard on-line questionnaire provided by the European Commission (the participant report) to report on factual information and their appreciation of the mobility activity, its preparation and follow-up.

### **1.3 Organisational support**

**a) Calculation of the total unit contribution**

The total unit contribution is calculated by multiplying the total number of participants in mobility activities by the unit contribution applicable, as specified in Annex 3 of the Agreement. Accompanying persons and persons taking part in preparatory visits are not considered to be participants of mobility activities and are therefore not considered for calculation of the organisational support.

**b) Triggering event:**

The organisational support is paid only if the participant has actually undertaken the activity.

**c) Supporting documents:**

Proof of attendance of the activity in the form of a declaration signed by the participant, by the sending organisation, specifying the name of the participant, the purpose of the activity, as well as its starting and end date.

**d) Reporting:**

Participants in the activities should report on their DiscoverEU travel via an on-line questionnaire providing their feedback on factual and qualitative elements of the activity period, as well as of its preparation and follow-up.

## **1.7 Inclusion support for organisations**

### **a) Calculation of the total unit contribution:**

The total unit contribution is calculated by multiplying the total number of participants with fewer opportunities in mobility activities by the unit contribution applicable, as specified in Annex 3 of the Agreement. Group leaders, accompanying persons, facilitators are not considered to be participants of mobility activities and are therefore not considered for calculation of the grant for inclusion support for organisations.

### **b) Triggering event:**

The inclusion support for organisation is paid only if the participant has actually undertaken the activity and the participating organisation has organised the mobility for the participant.

### **c) Supporting documents:**

Proof of attendance of the activity in the form of a declaration signed by the sending organisation specifying the name of the participant, the purpose of the activity.

## **2. ACTUAL COSTS**

### **2.1 Inclusion support for participants**

#### **a) Calculation of the grant amount:**

The grant is a reimbursement of 100% of eligible costs actually incurred.

#### **b) Eligible costs:**

d) Reporting:

For each cost item in this budget category, the beneficiary must report the nature of costs and the real amount of costs incurred.

## 2.2 Exceptional costs
